

## OBJECTIVE

Highly skilled and motivated UI Developer with over 10 years of experience, seeking a challenging position as a Team Lead in a dynamic organization. Committed to delivering exceptional user experiences and leading a team of developers to create innovative and visually appealing web applications.

## SUMMARY OF QUALIFICATIONS

- Extensive experience in UI development, specializing in front-end technologies such as HTML5, CSS3, JavaScript, and responsive design.
- Proficient in utilizing UI frameworks and libraries such as Angular and React to create interactive and user-friendly interfaces.
- Strong understanding of UX principles and ability to translate wireframes and mockups into pixel-perfect designs.
- Solid knowledge of cross-browser compatibility, accessibility standards, and performance optimization techniques.
- Proven leadership skills with the ability to guide and mentor a team of developers, prioritize tasks, and meet project deadlines.
- Excellent problem-solving skills and the ability to adapt to evolving technologies and industry trends.
- Strong communication skills, both verbal and written, with the ability to collaborate effectively with cross-functional teams.

## EDUCATION

**MBA- Management Information System | Virtual University of Pakistan**

**BA | B.Z.U MULTAN**

**ICS | B.I.S.E MULTAN**

**MATRIC | B.I.S.E MULTAN**

## EXPERIENCE

### **Sr. Software Engineer (Frontend) | Punjab Information Technology Board**

JAN 2023 – Present

- Leading a team of UI developers in the design and development of web applications, ensuring high-quality code and adherence to project timelines.
- Responsible for creating JS based User-interface specially Angular /Typescript based dashboards

- Collaborated closely with product owners, designers, and backend developers to gather requirements and translate them into functional user interfaces.
- Mentored team members, providing guidance on UI best practices, code reviews, and performance optimizations.
- Developed and implemented UI development standards and processes, improving team productivity and code quality.
- Conducted regular team meetings to discuss project status, challenges, and upcoming deliverables.
- Actively participated in hiring and onboarding processes, evaluating candidates and assisting in the recruitment of top talent.

## **Sr. Front End Developer | Uralensis Innov8 UK (Remote)**

MAR 2020 – JAN 2023

- Designed and implemented responsive web interfaces using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and accessibility.
- Collaborated with UX designers to create intuitive user experiences, incorporating best practices for usability and interaction design.
- Developed and maintained UI component libraries and style guides to promote consistency across multiple projects.
- Optimized website performance by implementing front-end optimization techniques such as minification, lazy loading, and caching.
- Conducted code reviews and provided constructive feedback to team members to improve code quality and maintainability.
- Stayed up-to-date with industry trends and emerging technologies, experimenting with new tools and frameworks to enhance development processes.

## **Sr. Front End Developer | Punjab Information Technology Board**

AUG 2016 – MAR 2020
